Member Churches of National Council of Churches Singapore

Dear Pastors and Leaders of Churches in Singapore,

Partnering with Adullam Life Counselling to make Disciples for Jesus

Greetings from Adullam Life Counselling, a Christian Social Service Agency (CSSA), recognized by government agencies, Members of Parliament, Social Service Offices and hospitals that we could help people who have debts problem with Licensed Money Lenders (LML) and Unlicensed ones (Ah Longs). In our counseling sessions, we are seeing an influx of people in the age group of mid-20s to 30s and we believe this is also a problem in the churches.

We would like to propose the following:

1. Be a resource in the event any of your members require help with debts with LML and UML or train your members on how to help people in debts. With our assistance, there are savings and solution to the debt problems including spiritual renewal.
2. Assist your church starts a ministry that teaches Bible Based Principles and Practical Applications that help people stay on top of their spending, giving and debts. Everyone we had helped don't have a spending plan and that leads to financial woes! We have been facilitating these classes for more than 10 years.
3. A meeting to discuss how we could partner your church to address this problem in the church or in the community.

Debts had been a wrecking ball that demolish finances, family and faith! We believe we can be of help. If you are interested to know more, please be free to connect with us. (Pearl Lee at Work: 66597844, Mobile: 98175353 or Email: pearllee@adullam.org.sg or the undersigned)

Looking forward to be a blessing to the Body of Christ and making disciples for Jesus!

Warmest regards

Rev Vincent Lee
President
